

Tax Minimization Strategies

April 28, 2011

Please join us on April 28, 2011 for an overview of two tax planning strategies that provide significant tax savings at the Federal and State level. This event will focus on Tax Research Credits and Micro-Captive Insurance Companies and will provide a general overview of the opportunities for these strategies, and the qualification and quantification of the expenditures that apply. Awareness of these rules can have a significant impact on a company's tax rate and cash flow.

This presentation is a "must attend" for financial officers or business owners of companies focused on managing their risk and financing research or experimental activities, and for advisors consulting with such companies.

Speakers: Mark Dunning of TaxOps Minimization, LLC. and Howard Potter of ST Consulting, LLC.

Time: 3:00 pm to 3:50 pm CPE, Cocktail reception 4:00 to 5:30 pm

Location: University of Denver, Fritz Knoebel School of Hospitality Management, 2044 E. Evans Ave., Room 229, Denver, CO 80208

Parking: Parking passes will be provided to those that RSVP.

Please RSVP to Andrea Collins at acollins@taxops.com.
